

Father DARKEAR'S Column BY C.H.R.

Dear Joel Flood, Emmett Taylor is back in town, after 23 years and is telling about you playing baseball back in other days. He says you once played in the outfield and chased all over after a fly ball only to find out it was a bird!

But thanks for the package and I'll tell him how you introduced curved balls.

Yours, Father D.

Dear Charis Moses, I read that Cadillac was the first car to introduce electric self-starter, synchro transmission (what ever that is), and also V-8 motor. But let me tell you, Chevrolet is all ok. When Michigan banks closed for a week I wondered about Campbell-Ewald, but phew—they made arrangements in 24 hours. Best folks in the world to do business with—and here's that boast for "used cars." I got one of 'em!

Yours, Father D.

Dear Senator Ferguson, I read that they have figured out how much state "patronage" each district has—and the tenth ranks about at the bottom. No particular reason for writing this except they kid us that Appomattox is the political center of this area and that—Richmond really gets the jobs.

Yours, Father D.

My Dear Wife, I realize you didn't know when you married me that I was a slave to work. But really, I do eat more—and what's a fella to do when he has to get out 5 complete newspapers in seven days? But we really will have to stop missing preaching.

Yours, Father D.

Dear D. R. Dinning, We've written you up elsewhere in today's paper, but forgot this—when you showed hands with me you gave me every "grip" in the catalog! Fingers were wrapped around thumbs like spaghetti. Maybe someday I'll become a "joiner" and give you "tit" for tat.

Yours, Father D.

Dear Emmett Taylor, I had heard that you Hearst, but had never verified it. Maybe the idealism of the old "home" weekly paper is better than the pressure of the big-timers. And you've got one of the best memories.

Yours, Father D.

Dear Linotype Operators, I'm really sorry about these extra hours, but there's nothing being able to be the only place in the county working on a 24 hour schedule—with day and night shifts. That's us this week!

Yours, Father D.

Supervisors Adopt Tentative Budget For Fiscal Year

Appomattox county supervisors meeting here yesterday, adopted a tentative county budget which was marked by few changes.

Last year's county budget totaled \$96,384 and the one this year may be slightly less. Funds have to be designated for the regular reassessment next year.

A special meeting to adopt the budget will be held at the courthouse on March 22. The budget in full will be published next week.

A Modern Don Quixote Arrives

Perhaps you have never been an editor. Mayhap you have never sat and pondered at your desk wishing by all that is holy that a "good story" would come along.

Therefore, perchance you have never had such musings suddenly interrupted by a "good story."

Yesterday afternoon Don Quixote and Rosalinda came to Appomattox. Shades of Cervantes.

Only it really wasn't Don Quixote but D. R. Dinning, of Star County, Texas. And it really wasn't Rosalinda, but Nina Unchaita Ulayak. Nina is a mule and although she never lead a Cerventian charge upon a windmill, Nina is not without her feats.

Dinning and Nina traveled all the way from Texas, through 33 states, to bring greetings to "Texas Jack" Garvin, vice-president-elect, in Washington. They left September 6, and got in Washington February 11. Dinning is seventy years old. After his trek to the capitol, he is now slowly on the way to Star county, Texas. . . . away down under.

He spent last night in Appomattox. He hopes to make a visit to the county seat, but the famous "good story" is not yet told. . . . and Nina. . . . good luck, and thanks for coming by just when we wanted a "good story."
